

**CITY OF SAN DIEGO
OFFICE OF COUNCILMEMBER ANTHONY YOUNG**

UPDATE FOR THE WEEK OF JULY 18-22

Monday was an eventful day for the Council. However, I am proud to say that city government remained in the hands of (6) capable Council persons who demonstrated why they were elected in their respective districts to help lead and guide city government. It took us less than 15 minutes to elect a Mayor Pro Tem, Councilwoman Toni Atkins. We then proceeded to carry out the business of this city. Chaos does not reign at City Hall. There is no void in leadership. This city is being lead by the collective leadership of all members of the City Council and I am committed and focused on ensuring that we continue to make decisions that are in the best interest of the citizens of San Diego.

On Thursday evening I hosted a Public Safety Forum for the 4th District. As I begin my 21st Century Community Initiative for the 4th District and the City of San Diego, I want you all to know that a cornerstone of a 21st Century Community is that of community receiving information about the many forms of government services provided to the community and in the community.

This forum provided an opportunity for the community to hear from the various agencies that are part of the network of public safety that protects and serves us.

Another cornerstone of a 21st Century Community is that of a community having well maintained and clean streets and yards. On Saturday July 30th at 9:00 a.m. I will be hosting a Community clean-up day in the Chollas View community of the 4th District. Activities under this 21st Century community Initiative include litter and junk removal, weed abatement, tree planting, and painting.

.....
